GLOBAL LEADERSHIP SUMMIT:
CREATING A SUSTAINABLE FUTURE

Leadership Conference & Azores

Come together with other students and teachers in Berlin to focus on *Creating a Sustainable Future* during a three-day student leadership conference. Then, say goodbye to city living and hello to island life as you journey to the Azores. Learn about ecological conservation efforts and sustainable agricultural practices as you experience the rugged coastlines, lush vegetation, and volcanic structures that make up the diverse geography of Portugal's São Miguel Island. The Azores' capital city, Ponta Delgada, is located on the island and largely impacted by geothermal activity, with no shortage of photo-worthy views.

12 DAY TOUR: JULY 12–23, 2023

Creating a Sustainable Future

Our world is constantly changing, along with our priorities, our plans, and our future. When it comes to building a sustainable future, what we do today matters. The first step? Defining what sustainable living means for you—whether it's promoting peace and justice, protecting education and the environment, or preserving language and culture. Our 2023 Global Leadership Summit will explore the importance of *Creating a Sustainable Future* and the power we have to create long-term change through our daily actions. Sound big? It is. But together, our impact is bigger.
